## About Me

My name is Michael, I am 28 years old and live in central Israel. I am a technology and innovation enthusiast with a passion for solving technical problems and focusing on challenging IT environments. I specialize in navigating complex technical scenarios and am committed to excellence in every project or task. I have self-learning abilities and enjoy learning independently. I am motivated and eager to develop in the field and give as much of myself as possible.

## Work Experience

**Customer Service • Pemi Premium • 2020 - 2022**

Hybrid work managing and retaining company customers, providing solutions and problem-solving. Meeting tasks and communicating with suppliers, customers, and company employees.

**Security • A. Security • 2022 - 2024**

Maintaining the physical security of the building residents and the entire living environment. Monitoring and maintaining security systems. Conducting patrols.

## Education

**Engineering Preparatory Program • 2022-2021 • Ariel University**

Studying Mathematics, Physics, and English. Completing assignments and exams. I successfully completed the program.

## Knowledge and Skills

**Programming and Scripting Languages:** Bash, Python, PowerShell, JavaScript, HTML, CSS

**Network Technologies:** Experience with TCP/IP, DNS, DHCP, VPN, managing and maintaining firewalls (pfSense, Fortigate, Cisco ASA, etc.), and switching and routing protocols.

**Virtualization:** VMware, VirtualBox, Proxmox, Qemu, ESXi, Hyper-V .

**Process Control and Automation:** Experience with Ansible and Terraform.

**Cloud Technologies:** Knowledge in managing and securing cloud systems (AWS, GCP, Azure)

**Operating Systems:** Linux and Windows administration and server systems, regular maintenance of systems and servers

**Additional Technologies:** Regular use of Docker, Docker Swarm, and Kubernetes. Also proficient in remote controlling servers.

## Volunteering

**2016 - 2018 Animal Welfare Tel Aviv**

Two years of volunteering at an animal shelter, caring for and assisting in the adoption of animals, mainly dogs, while developing compassion and empathy towards animals.

## Military Service

**2014-2016 Air Force**

Service in a control and monitoring unit, managing the main control panel, and monitoring the activities of the corps.
